

ARBOUR RESIDENCES

T H E H E I G H T S

Introducing Arbour Residences, a private collection of 113 premium terrace homes adjoining an expansive conservation corridor at The Heights – a living work of art, perfected by beautiful landscaping and dedicated spaces for relaxation and play.

LOCATION

Arbour Residences is superbly located in Pimpama, the centre of the growth corridor between Brisbane and the Gold Coast. Direct access to the Pacific Motorway places Surfers Paradise within easy reach, and the culture and commerce of Brisbane, Queensland's capital, only 40 minutes by car. From this central position, Coomera Train Station is an easy 10 minute drive, linking to Brisbane and Brisbane Airport, and 35 minutes from the Gold Coast International Airport.

The local area is serviced by a wide variety of retail, education, recreation and sporting facilities including the nearby retail and dining precincts of Hope Island and Sanctuary Cove, and Westfield Helensvale. Established business and industry centres include the Gold Coast Marine Precinct and the Yatala Enterprise Area.

ARCHITECTURE AS ART

Set privately apart in a vibrant master planned community, Arbour Residences enjoys its own parkland environment tucked away from the wider world. Gently curving streetscapes, expansive landscaping, and the delicate changes in hue from one home façade to the next, creates both elegance and diversity.

Homes present a selection of contemporary open plan designs featuring living, dining and entertaining spaces, three bedrooms, bathroom, master ensuite and powder room.

Manicured garden settings frame the views from the kitchen, which features quality reconstituted stone bench tops, high-gloss cabinetry with ample storage and stainless steel appliances.

All artist impressions are indicative only.

In May 2017 Pimpama was revealed by the HIA as Australia's fastest growing housing market.

The new precinct will feature expansive parklands, two new swimming pools, water play area, gym, flexible event space, nine tennis courts, 12 netball courts, parklands and about 700 car parks. Construction is expected to start after the Commonwealth Games with the facility ready to open in late 2020.

A new \$26 million TAFE Creative Campus is located 10 minutes away in Coomera, complete with computer labs, sound recording and music rehearsal studios, digital video and editing suites and 3D motion capture and production control facilities. A Development Application has been lodged by the Catholic Church to build a new school, Coomera College. It is anticipated to open in 2019 and accommodate up to 2,000 students.
